WHO WILL SELECT THE ROLLS?

PGL Client Rep

Is Manufacturer's Resin Certificates required?

YES NO

Sampling Verification:

Level 1 Where PGL chooses the rolls to be sampled; the manufacturer cuts the samples, send them to PGL. **IN PLANT SAMPLING BY MANUFACTURER**

Level 2 Where PGL or Client Rep chooses the rolls. PGL cuts the samples from the rolls, send them to PGL. **INPLANT SAMPLING BY PGL**

Level 3 Where PGL or Client Rep goes to manufacturer , observe the start up production of materials , discuss QC procedures . Manufacturer will sample subsequent production and send to PGL. **ONE TIME MQA**

Level 4 Similar to Levels 1,2 and 3 . In addition, PGL will be in the plant daily to monitor production. **DAILY MQA.**

Type of Material	Quantity	Frequency	No of Samples	Expected Date of Manufacture	Plant/Location	Contact	Telephone	Level of Sampling	Special Instructions
